DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3/27/2006 has been entered. An action on the RCE follows.

2. Claims 1-5 are pending.

Information Disclosure Statement

3. The IDS submitted on 3/27/06 has been considered. The references submitted previously and considered have been lined thru.

Priority

4. Applicants are entitled to a priority date of 8/24/2000 based on the enabling disclosure of the differential mRNA expression in normal and tumor tissues disclosed in PCT/US00/23328.

REASONS FOR ALLOWANCE

5. The following is an examiner's statement of reasons for allowance: Applicants' arguments have obviated the rejections of claims 1-5 under U.S.C. 101 and 112, first paragraph. Teachings of Kuo et al. (2005) provided in PTO1449 submitted on 3/27/2006 are persuasive and obviate the rejection. The reference teaches that RT-PCR provides

a good correlation between mRNA and protein expression. Therefore, the differential message expression of example 18 is expected to correlate with differential protein expression and thus serve as a diagnostic tool.

6. Claims 1-5 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
